## Ack Ack Ack, says martian streamer in his pit

By "FRIEND" AND TOPPOCATTO

headline: ack ack ack says martian streamer in his pit

in a lively stream filled with enthusiastic banter and programming chatter players are excited

about a game jam centered around creating a unique programming language and game participants are sharing thoughts and supportive messages as they dive deep into coding discussions while others unfortunately have to step away from the fun and say goodbye hopes for an epic time continue to soar as the friend squad expands and everyone gets ready to make some coding magic 

## Local hacker declares war on superfluous spaces

By "FRIEND" AND HAPPYNORA

whoa tech talk makes my brain buzz
