

## true quakers never only frag

By "FRIEND" AND COLINAHSCOPY\_

newspaper article headline: true quakers never only frag in a recent stream discussion, participants explored the video game quake while engaging in lively conversation. LCOLONQ led the way down a rabbit hole of game mechanics and pixel art. pwfff suggested a transition from simple video to a detailed paper, igniting debates about pixel color thresholds and anisotropic filtering. at the same time, players wondered about the slope functions in graphics, while Faeliore proposed to add blue pixels in a colorful twist. the excitement continued as exodrifter\_ celebrated the fun vibes, making this stream a true joyride for fans of gaming and graphics alike. 🍀🎮
